

## METAL

Tooling with tungsten carbide  
according to drawings

### Forging / Forming Tools

### Carbide as Sintered/Rough

### Carbide Wear Parts

### Carbide Cutting Tools

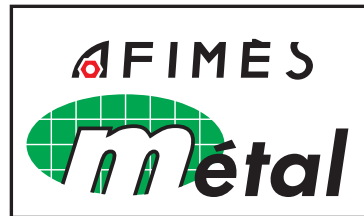

### Transfer Parts

### ISO 9001 : 2000 certification

- Unit control reports
- Traceability

### Technical data

#### Brand:

AFIMES METAL manufacture

#### Raw material:

Steel  
Tungsten carbide

#### Marking et Engraving

AFI - Number of drawing

#### Packaging

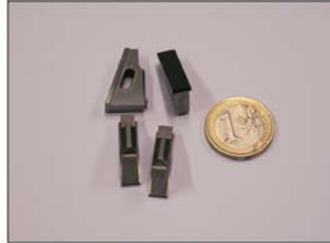

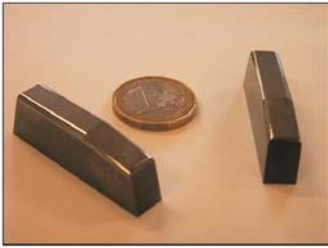

Protected packaging with identifications

### Technical and salesman

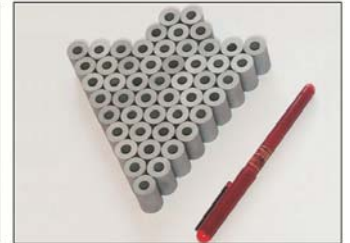

Nicolas de Vanssay  
metal@afimes.com  
Tel.: +33(0)169752420  
Fax: +33(0)169752401

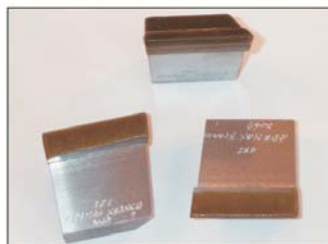

## Carbide Wear Parts

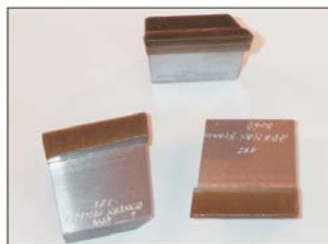

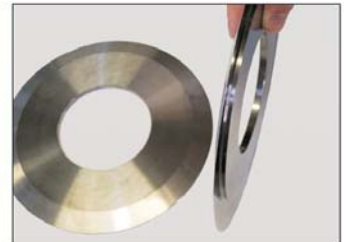

## Carbide as Sintered/Rough

## Transfer Parts

## Carbide Cutting Tools

## Our experience

Over ten years experience in cold forging industry

Specialized on tungsten carbide tooling

Engineering for tooling

## Additional services

Supplying managed planed

Scheduled managing stock

Invoiced delivered pieces as scheduled
